The Group registered revenue and profit before tax of RM1,840.1 million and RM663.7 million respectively for the current financial period ended 30 June 2005. There is an increase of 25% and 32% respectively compared to the previous year's corresponding period.

The increase in the current quarter's and current financial period's revenue is mainly attributable to the disposal of equity interest in London Clubs International plc ("LCI") in the current quarter for a consideration of RM228.8 million and better underlying performance in the leisure and hospitality segment which was mainly due to higher visitor arrivals.

The increase in the current quarter's and current financial period's profit before taxation is mainly attributable to the gain arising from the disposal of equity interest in LCI in the current quarter amounting to RM113.3 million, gain arising from disposal of Geremi Limited amounting to RM9.1 million and additional gain from the disposal of NCL Holdings ASA amounting to RM9.0 million as disclosed in Note (1) of Part 1 of this quarterly report. In addition, Star Cruises Limited ("SCL"), an associate, has contributed higher share of profits amounting to RM9.2 million and RM15.4 million respectively in the current quarter and current financial period as compared to share of losses of RM7.7 million and RM13.5 million respectively in the previous year's corresponding quarter and financial period.

The lower profit before tax for the leisure and hospitality segment for the current quarter and the current financial period is mainly attributable to promotional hotel room pricing, higher promotional and marketing expenses and depreciation charge in respect of the introduction of additional facilities including First World Hotel rooms.

2) *Material Changes in Profit Before Taxation for the Current Quarter as compared with the Immediate Preceding Quarter*

The Group registered a profit before tax of RM399.6 million in the current quarter as compared to RM264.1 million in the preceding quarter.

The higher profit is mainly due to the gain arising from the disposal of equity interest in LCI in the current quarter amounting to RM113.3 million, gain arising from disposal of Geremi Limited amounting to RM9.1 million and additional gain from the disposal of NCL Holdings ASA amounting to RM9.0 million as disclosed in Note (1) of Part 1 of this quarterly report. In addition, SCL has contributed higher share of profits amounting to RM9.2 million in the current quarter as compared to RM6.2 million in the preceding quarter.
